Commissioner for Patents

Sir:

Listed on accompanying IDS Forms, PTO/SB/08A and PTO/SB/08B, are documents that may be considered material to the examination of this application, in compliance with the duty of disclosure requirements of 37 C.F.R. §§ 1.56, 1.97 and 1.98.

Copies of documents **FP1** to **FP14** and **NPL1** to **NPL13** are submitted. However, in accordance with 37 C.F.R. § 1.98(a)(2), copies of U.S. patents and a patent application publication cited on the attached Form PTO/SB/08A, documents **US1** to **US3**, are not submitted.

In accordance with 37 C.F.R. § 1.98(a)(3), Applicants' undersigned representative submits the following discussion of the relevance of the non-English language documents, **FP2** to **FP3**, **FP5**, **FP8**, and **FP11**, cited on Form PTO/SB/08A:

Document **FP2**, DE 38 20 538 A1, is in the German language. An English language equivalent of document **FP2** is cited as document **FP1** and submitted herewith.

Document **FP3**, WO 95/28370 A1, is in the German language. An English language abstract of document FP3 can be found on the face page of the published patent application.

Document **FP5**, WO 97/16971 A1, is in the German language. An English language abstract of document FP5 can be found on the face page of the published patent application.

Document **FP8**, FR 2 784 380 A1, is in the French language. An English language abstract of document FP8 is cited as document **NPL11** and submitted herewith.

Applicants' would also like to bring to the attention of the Examiner that, for the following document, the volume could not be determined to the best of the Applicants' ability: Chesterfield, J., *et al.*, "Pyrimidines. Part VIII. Halogeno and Hydrazino pyrimidines," *J. Chem. Soc.* :3478-3481, Royal Society of Chemistry (1955).

Where the publication date of a listed document does not provide a month of publication, the year of publication of the listed document is sufficiently earlier than the effective U.S. filing date and any foreign priority date so that the month of publication is not in issue. Applicants have listed publication dates on the attached IDS Forms based on information presently available to the undersigned. However, the listed publication dates should not be construed as an admission that the information was actually published on the date indicated.

Applicants reserve the right to establish the patentability of the claimed invention over any of the information provided herewith, and/or to prove that this information may

not be prior art, and/or to prove that this information may not be enabling for the teachings purportedly offered.

This statement should not be construed as a representation that a search has been made, or that information more material to the examination of the present patent application does not exist. The Examiner is specifically requested not to rely solely on the material submitted herewith.

This Information Disclosure Statement is being filed before the mailing date of a first Office Action on the merits. No statement or fee is required.

It is respectfully requested that the Examiner initial and return a copy of the enclosed IDS Forms, and indicate in the official file wrapper of this patent application that the documents have been considered.

The U.S. Patent and Trademark Office is hereby authorized to charge any fee deficiency, or credit any overpayment, to our Deposit Account No. 19-0036.

Respectfully submitted,
